#### ANNOUNCEMENTS

The Eagle is authorized to announce the following candidates, subject to the action of the July Democratic primaries:

FOR CONGRESS:  
HON. RUFUS HARDY, Corsicana.

FOR REPRESENTATIVE:  
HON. J. L. FOUNTAIN.

The Southern States Cotton Corporation has gone into involuntary bankruptcy. This is the concern that advertised so widely for agents last summer and fall to sell stock and buy cotton, promising 15c a pound for cotton and, claiming to have solved the problem of how to get that price. Millions of gullible farmers no doubt bit, while others, too wise to bite, were not too wise to hold their cotton when they could have gotten 14c and let it rot till now it won't bring 7c.—Lorena Register.

A great deal is said in the papers about handing in things to the editor to fill up with. There are two kinds of fillins. Obituaries, spring poetry, curiosities, smart doings of your kids, and clippings about your wife's aunt's great grandfather, are one kind; while country sausage, choice potatoes, Jersey butter and yaller legged chickens are another, and are always received with open arms.

The going's good on our newly paved Main street and you bet the goers are going. It sure looks good to see the automobiles gliding up and down the street. It looks like prosperity. It looks like business, it looks like confidence is returning, it looks like—well, it just looks like the old town is herself again.

President and Mrs. Wilson had a bunch of daughters when they went to live in the big mansion at the foot of Pennsylvania avenue. They are going like hot cakes, however, and at the present rate they will be daughterless long before the President's term expires.

Superintendent Lawson and his splendid faculty are bringing the schools of Bryan right up in line with the best schools of the State. It is a great pity they have not modern buildings and modern equipment, that there might be no impediment to their progress.

Morris Sheppard solemnly assured the Senate that all was lovely along the Rio Grande and then rushed over to the White House and brought the President to send troops for the protection of the people living along the Rio Grande.—Waco Times-Herald.

With this beautiful weather, tomorrow ought to count big in the religious history of Bryan. It all depends on the people, and not on the people as a whole, but on each individual doing his duty.

A news item announces that John D. Rockefeller may leave the city of Cleveland fifty million dollars. Then again, he may not. We are going to lay ours on the "not" end of the proposition and play it open.

It is balmy now, but our advice is not to take 'em off until the heel-flies chase old brindle into the tank, and the redbird sings from among open dogwood blossoms.

Villa's ambition is to be President of Mexico. It is likewise the ambition of his chief, Carranza. A roosting place for the dove of peace is not yet.

Bryan was "old business" today.

### REGULAR SCHOOL BOARD MEETING

Superintendent Lawson Re-elected for Another Year and Other Matters Transacted.

A regular meeting of the Bryan school board was held yesterday in the rooms of the Bryan Commercial Club with the following members present: W. R. Sanders, president; W. T. James, M. H. James, M. F. Dansby, Eugene Edge, A. M. Waldrop and W. S. Higgs.

Bills were approved and other minor details that came before the board were disposed of in the usual manner.

The matter of settling for the construction of the colored school was disposed of and the building is now complete in every detail with the exception of the heating proposition, which will probably be disposed of by installing heaters or wood stoves.

The matter of electing the superintendent for the coming term came up and Prof. W. C. Lawson was re-elected by a unanimous vote of the board. That the services of Mr. Lawson are appreciated was attested to by the board in a substantial manner and proper appreciation shown for his good work since his connection with the schools.

Prof. Lawson made a report of a recent visit to the National Superintendents' meeting at Richmond, also of subsequent visits to the public schools of that place, Cincinnati and New Orleans, with suggestions for changes in the local schools as a result.

M. F. Dansby and the superintendent made a report with regard to a conference with the State Superintendent on the new law regulating sanitation, light and heat in the public schools.

#### POINTED PARAGRAPHS.

Many are called, but more are bluffed.

Electric signs let out some brilliant remarks.

Cleave to the good and use a cleaver on the rest.

A poor reputation may be better than none at all.

A grass widow is never as green as she pretends to be.

Once in a great while you will meet a woman strong-minded enough to admit that her shoes are too small.

A crank ceases to be a crank when he does you a good turn.

A wedding ring sometimes represents an endless round of trouble.

Indifference is the one thing capable of freezing the milk of human kindness.

No man ever lived long enough to do all the things his wife wanted him to do.

Some men wait for things to turn up, and some others turn them up while they wait.

There are two sides to every story. The victory you win spells defeat for the other chap.

Many a man has let a good job get away from him because he harbored the delusion that no other man was smart enough to fill his place.

#### AVERAGE AMERICAN MAN.

Simple, humorous, average American! You have left your suburban couch in time to walk half a mile to the station and catch the 7:59 for the city. You have read your morning paper, discussed the weather, the tariff and the prospects for lettuce with your neighbor, and made the office only a minute late. You have been fastened to your desk from 9 o'clock to 5, with half an hour for lunch, which you have eaten in a clamorous, overheated restaurant, while you watched your hat and coat. At odd moments during the day the thought of doctor's bill, rent bill, school bills, has insisted on requiring attention. At the end of the day, laden with parcels from the market, from the hardware store, from the seedman, you are bound for the ferry to catch the 5:48, when you meet Smith, who, having passed the good word, sends you on your way with the injunction to be good—not to play roulette, not to open wine, not to turkey-trot, not to joy-ride, not to haunt the stage door. Be good, oh simple, humorous, average suburban American.—Atlantic Monthly.

There are 700,000 trade unionists in Italy, representing almost every trade from rag picker to electrician.

#### BANKRUPT SCHEDULES FILED.

The schedules in the bankrupt case of Charles Stephan of Bryan were filed in the Federal Court Thursday. The liabilities are fixed at \$11,912.45, divided as follows: Wages, \$145; other debts preferred by law, \$450; secured claims, \$990; unsecured claims, \$9327.25. The assets, valued at \$7475, are listed as follows: Stock in trade, \$3500; fixtures, \$2500; household goods, \$850; due on open accounts, \$500; shares of stock, \$125.—Houston Post.

#### NOT ONE ALIKE.

Our neighbor's wife reports this conversation with the young man who comes to take the grocery orders:

"Step in and get warm—you look half frozen."

"Thank you, ma'am. It's queer weather we're getting."

"Yes, it's so changeable."

"That's the word, ma'am. We don't get a single day alike, do we?"—Cleveland Plain Dealer.

#### ANNEX PLANNED FOR BAPTIST SANITARIUM

Addition Probably Will Be Larger Than Present Building.

Plans for an addition to the Baptist Sanitarium that will be larger than the original building are being prepared by a Houston architect and it is probable that the work on the building will be begun in a few months.

An active campaign is being waged under the leadership of Dr. J. L. Gross of Houston and S. F. Bascum of Greenville for the raising of funds for the financing of the improvements. Mr. Bascum was secured recently by the board of trustees of the Baptist Sanitarium and will conduct the work of raising the funds in the cities and small towns of East and South Texas, while Dr. Gross will have charge of the work in Houston and other Texas cities.

It is hoped to raise \$50,000 the first year and it is stated that considerable has already been made toward the securing of this fund.—Houston Post.
